## **Batesville honors military with banner program**

More than 100 banners were installed in downtown Batesville to honor local citizens who served in the military.

The free program recognizes soldiers from every conflict dating back to World War I and includes seven Batesville natives who made the ultimate sacrifice. All five branches of the military are represented.

“This is one way where we can honor Batesville’s best men and women while also informing the younger generation of the sacrifices that were made,” said Mayor Mike Bettice.

The banners were placed on Boehringer, Catherine, George, Main and Pearl streets and the Village Green.

A walking guide will soon be available which will feature biographies of each veteran.

The banners will be displayed from Memorial Day to Veterans Day for consecutive years.

## **Symphony, fireworks draw thousands to Batesville**

It was a picture-perfect evening on July 1 as a crowd of more than 2,000 attended the Star-Spangled Symphony at the PLEX.

The Indianapolis Symphony Orchestra (ISO) conducted a patriotic performance that was combined with fireworks.

“We had a wonderful time! It was very well-organized and we were so impressed by the volunteers directing patrons, helping carry their supplies, cub scouts passing out water, running the kid zone, and the BPD for their security at the event and directing traffic before and after the event,” said concertgoer Kelli Slack Heiser.

The concert was part of a three-year partnership between the ISO, Hillenbrand and the Rural Alliance for the Arts. The concert will take place again in 2019 and 2020.

## Batesville billboard unveiled on I-74

The City continues its efforts to attract businesses, residents and tourists to Batesville through a comprehensive branding strategy.

When it comes to branding efforts, it is more than just a logo, slogan or billboard. It is an effort to capture what the city truly represents.

Batesville Main Street secured funding for a billboard near the westbound Batesville exit on Interstate 74 to entice travelers to visit our unique shops and restaurants. The billboard will be up for the next year.

## Progress continues on Merkel Road

The Merkel Road upgrade project will be complete this summer. The improvements allow for additional ingress and egress to businesses on Lammers Pike and to the 54,000-square-foot Shell Building.

The road widening project also includes underdrain improvements on the north side and storm-water upgrades on the south side.

The project is expected to be complete and the road reopened in July.

## Batesville Shows Off Patriotic Pride

Businesses and homeowners celebrated Independence Day by decorating their properties in a patriotic theme.

It is part of Mayor Mike Bettice’s “Patriotic Challenge to Celebrate America” which encourages residents to show off our national pride.

“When I was growing up I remember all the businesses and homeowners used to decorate for the holidays,” said Mayor Bettice. “The Indianapolis Symphony Orchestra attracted many to our community, and along with the military banners, it is great to see so many businesses and homes capture our American spirit.”
