The Batesville Farmers Market begins their season Saturday, May 4, from 8-11 a.m. at the corner of Boehringer and Main streets. In the early season you can find great finds like flowers, plants for your garden, lettuce, kale and much more.

“This summer be sure to get the best watermelon, melon, tomatoes, and sweet corn in town! They have over 100 varieties of produce to select from,” Market Master Christy Ludwig said. “Throughout the year you can always find great quality produce, honey, meat, eggs, wood crafts, jelly, baked goods, mushrooms, and so much more!”

Their season extends through October offering fall items such as apples, pumpkins, mums, and fall squash. This year the market has partnered with Izzy’s Restaurant to feature a farmers’ produce item of the week offering a great recipe for you to indulge on. They also have music scheduled thru the season sponsored by the Batesville Area Arts Council, essential oil classes, B.A.R.C. days and kids day. Listen to WRBI radio every Saturday morning to hear exciting events about the market! ## Street Department prepares pool for summer season

The Batesville Memorial Pool will be open for Memorial Day weekend; but will close for a few days before reopening on May 31 for the entire summer season.

Before residents can take a dip in the pool, there is quite a bit of maintenance required in advance of its opening.

## Why Do We Have Building Codes?

Communities like Batesville need building codes to protect citizens from every day disasters like fires, weather-related events such as floods, and structural collapse that follows deterioration over time of buildings of all kinds.

Our building codes are adopted and enforced by two well-trained, professional code officials. Tim Macyauski serves as Building Commissioner and Mike Wells serves as Code Enforcement Director.

“Maintaining our code and educating the public is the best way for us to protect homes, offices, schools, manufacturing facilities, stores and places of entertainment,” Macyauski said.

May is Building Safety Month which is an international celebration of all aspects of building safety that helps families, employers and leaders understand and appreciate the best practices that keep the places where we live, work and play safe.

## Third Graders Launch Downtown Butterfly Project

Students in Mrs. Cindy Weisenbach’s third grade class will bring classroom learning into the community this month.

Mrs. Weisenbach organized a project with the City of Batesville and Batesville Beautification League to have her students paint medal butterfly cutouts and place them in downtown flower pots.

Students will install the butterflies on Saturday, May 11 and the cutouts will remain there for one week. The butterflies will available for purchase at the Farmers Market on May 18.

## Three businesses receive assistance for exterior renovations

The Economic Development Commission awarded three Building Improvement Grants (BIG) at their April meeting.

The Sherman was approved for \$5,000 for the addition of an ADA-compliant ramp and other upgrades related to the Bier Hall opening.

Geis Electronics received \$3,500 for updated sign lighting and an awning.

RomWeber Marketplace received \$2,200 for upgrades on the bridge above Depot Street.

The BIG program provides matching funds to business and property owners wanting to renovate the exterior of their structure.

## Remember When?

The Germania Hotel was built in 1887 and was situated across from the Sherman House on the corner of East Pearl and Main streets. The original owner was Victor Oberding and later JW Vonderheide. This photo was taken on December 17, 1887.
